

## POP YOUR COLLAR CHAIR

Attention-getting by nature, this exceptional chair has considerable presence. Its tall winged-back design is expertly upholstered in a luxurious satin and trimmed in a silhouetted wood frame wearing a Golden Shimmer finish. Of particular note is the extraordinary tailored finger-pleat detail along its inside lumbar. Expertly trimmed with a metal bar finished in Champagne Gold, this elegant detail matches the metal ferrules on its front legs. Inspired by the glamour of the Hollywood

Regency era, this signature chair is simply magical, masterfully fresh, and Caracole refined.
